Farm For Victory Committee

A meeting of the Farm For Victory Wainwright Zone Committee was held in the Municipal Hall, Wainwright, on Saturday, November 13th, at 2:30 p.m. Nine members of the Zone Committee were present, also Mr. W. Townley-Smith, the District Agriculturist and Mr. N. Bentley, Secretary of the Provincial Committee.

Mr. D. Sutherland, chairman, called the meeting to order at 2:30 and asked Mr. T. W. Townley-Smith to prepare a program for the meeting.

Mr. Townley-Smith presented a report showing the progress made since the organization meeting in June. Ten of the twelve proposed points in the Zone are already organized with good prospect of further organization during the coming winter. 220 Man days of labour, mostly stooking, had been arranged from the Wainwright Military Camp—mostly by men on 48 hours leave. 87 Eastern harvesters had been placed, besides a number of Saskatchewan farmers from dried out areas who came up on their own, mostly in the Chayvin and Edgerton districts. A community meeting had been arranged at Chayvin to fix a wage scale for stooking and threshing. This had worked out fairly satisfactorily.

Arrangements were made for Mr. Townley-Smith and Mr. D. Sutherland, Chairman of the Committee, to call another meeting wherever they considered it advisable after receipt of information regarding the 1944 production plan from Federal and Provincial Governments; plans to be formulated at that meeting as to the best way of meeting these proposals in this district.

Mr. Townley-Smith reported that the quota of men requested from this District for vital work in packing plants, bush work, etc., was as follows: 12 labourers and 2 Knife men for packing plants and 9 men for bush work. The Selective Service asked that any men who could be spared from the farms would accept some one of these jobs for the winter months. So far nothing had been done re filling the requests for men from this district owing to the fact that there was still considerable threshing to be done and it was thought that it might be better to hold off until it was plain that there would either be no chance of threshing or else the threshing finished.

Mr. Townley-Smith reported also that his services had been requested by the Federal authorities to investigate 15 cases of farm labourers subject to Military call up as to their eligibility for postponement of call-up. He expected this work to expand as the war progressed.

The Chairman then called on Mr. Bentley, Secretary of the Provincial Farm For Victory Committee for a short address. Mr. Bentley, in his address, stressed the need for local interest and co-operation with the District Agriculturist, stating that the District Agriculturist could not start and carry on any of the projects available without the local assistance.

The matter of local contact man for Wainwright was discussed as Mr. George Murray had moved from town.

It was moved by J. C. Ford and seconded by E. R. Fay that Mr. J. Crawford be the new contact man—Carried.

The question of publicity for the Zone Committee meetings was next discussed and was finally moved by D. Hissett and seconded by R. Garneau that the Secretary have 15 copies of the Minutes typed and forwarded a copy to each of the three local papers and to each of the members of the Zone Committee—Carried.

It was decided, after discussion, that a report of any Community Farm For Victory meeting be forwarded to Mr. Townley-Smith and Mr. N. W. Bentley.

See End of Tea, Coffee Ration

Ottawa—Prices board officials will probably know early next month if it will be possible to end the ration of tea and coffee by Christmas, a board spokesman said last night.

He said the lifting of the ration would depend on stocks available. The board will make a complete inventory of stocks throughout the Dominion and also make an estimate of stocks likely to arrive within a given period.

The problem in Canada is more complex than it is in the United States where the ration has been lifted, the spokesman said. Residents of the United States are not tea drinkers but Canadians are both tea and coffee users and a shortage of either might create serious problems. Stocks of both commodities must be considered.

The present Canadian ration is 1 1-3 ounces of tea per person per week or 5 1-3 ounces of coffee. This includes the 1-3 increase in the ration which the board announced last Aug. 18th, with the statement that more tea and coffee would be made available "at any time when the supply position permits."

At that time officials said it was felt that if ocean shipping conditions continued to enlarge the supply, another increase would be made before the year-end.

The wedding breakfast was held at the Drake hotel, 35 guests attending. Toasts were proposed by Father Walsh, D. E. Sollers and Father Burns. A reception was held later at the home of the bride's parents, the bride couple receiving with the host and hostess Mrs. R. Beard. The table was centered by white tapers and a tiered wedding cake. Pouring tea were Mrs. J. O'Connell, Mrs. E. McDonald, Mrs. J. Fodey and Mrs. R. Hanson. Serving were: Misses L. Wheeler, Marjorie Blair, Mary Rocan Marie Phaneuf, Kate McDonald and Mrs. H. McEachern, with Misses Zita Bolingbroke and Lillian Gordon in charge of the troupe room. The bride couple left on a honeymoon trip before proceeding to Wainwright where the groom is K. of C. Army but supervisor. The bride's going away outfit was a gold toned suit with brown accessories. Among the telegrams of congratulation were messages from Pte. L. O'Connell and Lt. Col. J. C. Keenan, both overseas, and the groom's parents. Out-of-town guests included: Mrs. G. Garrity, Mr. and Mrs. R. Beard, Mrs. J. Miller, Tromsachs; Mrs. E. T. Garrity, Weyburn; Mr. and Mrs. G. Garrity, Gordon and Maynard Garrity, Moose Jaw; Hon. Capt. J. P. Ehmann, Wainwright, and Father Burns, Esterhazy.

New Trade Training Courses Approved

Hon. Humphrey Mitchell announced that two new trade training courses have recently been approved by the Department of Labour.

At the Teachers' Training College at Hamilton, courses are being given to about 30 men who will be trained as instructors and will be available for trade training of members of the Armed Forces after discharge. Nearly all of the 30 are themselves veterans, and are qualified mechanics in one or other of the trades.

While the Dominion Government meets the entire cost of the course, it is being carried out in co-operation with the province of Ontario.

Through arrangements between the Department of Labour and provincial authorities, a series of courses will be given during the present winter season at which instruction will be in cheese and butter making and as dairy men. Each course will run for about 3 months. Already two courses are under way, one at Guelph with 60 men and 4 women in attendance, and a small group at St. Hyacinthe. It is expected that over 300 persons will be trained at these courses during this winter.

Courses will be given in Ontario, Alberta, Saskatchewan, Manitoba and Quebec, and those selected for the training will be from the farm.

Dependents' Living Bonus is Increased

Ottawa—Cost of living bonuses for servicemen's dependents will be increased, effective in December, to keep them in line with similar bonuses in industry which were boosted at Nov. 15th, defence headquarters said.

The cost of living bonus for dependents now will be \$4.12 a month for wives with children and \$2.20 a month for wives without children. The previous amounts were \$2.60 and \$1.40.

"As dependents allowance and assigned pay is payable only in arrears, the increased cost of living bonus will not be received until the end of December," said the department.

CARD OF THANKS

We wish to thank our kind friends and neighbors for their acts of love and sympathy, and floral offerings during our recent loss; also the hospital staff for their kindness.

THE TRAYNOR FAMILY.

A vote of thanks was tendered Mr. Bentley and Mr. Townley-Smith for the interest taken on behalf of the farmers.

On motion, the meeting adjourned.

Local K. of C. Weds in Regina

Principals in a wedding ceremony performed on November 15th at Sacred Heart church by Rev. Fr. J. J. Burns were Bernard Garrity and Miss Irene Fodey. The groom is the son of Mr. and Mrs. Garrity, Vancouver, and the bride daughter of Mr. and Mrs. Fodey, Regina.

The bride was given away by her father. Bridal attendants were Roy Beard, Miss Beatrice Fodey, Miss Kathleen O'Connell and Miss Margaret McDonald. The bride was charming in a white chiffon dress with a chapel veil held in place with a sweetheart tiara. She carried a bouquet of American beauty roses. Ushers were D. E. Sollers and R. Fodey. Miss Marie Phaneuf was organist and Miss Kathleen McDonald vocal soloist.

The wedding breakfast was held at the Drake hotel, 35 guests attending. Toasts were proposed by Father Walsh, D. E. Sollers and Father Burns. A reception was held later at the home of the bride's parents, the bride couple receiving with the host and hostess Mrs. R. Beard. The table was centered by white tapers and a tiered wedding cake. Men's Clothing Will Cost Less

"Men's clothing, after the war, will cost less and probably be better made, due to new techniques that have developed under the impetus of the war," said Joseph Dunkelman, general sales manager of Tip Top Tailors Limited, in an interview Friday.

"I sincerely believe that post-war developments in clothing will bring forth new style ideas, new types of fabrics and new tailoring techniques. We ourselves have such ideas in mind which will of course have to await the end of the war."

Mr. Dunkelman said that store problems are pretty much the same in the West as in the East. The biggest problem at present was delayed delivery of new garments for civilians. However, the vast majority of their customers were quite willing to wait for their new clothes, when it was explained that the men of the armed forces had first call on the facilities of the firm.

Asked if there were sufficient woollens for former civilian consumption, Mr. Dunkelman said that while the supply was not as large as it would like to see it, due to a certain amount of restrictions in the imports of British woollens, there was nevertheless to be found in their own stores a liberal enough range for almost any taste.

After the war, Mr. Dunkelman said, their western operations would be greatly amplified, with a vast program of construction and improvement.

New Convenor For Savings Campaign

All members of the former War Savings Certificate committee, under Mrs. F. E. McLeod, are asked to meet at the home of Mrs. F. G. Roberts on Friday, Dec. 2nd, at 7:30 p.m.

The National War Finance Committee, with Mrs. F. G. Roberts as convenor, is concentrating on a special sales campaign of War Savings Stamps for the month of December. Headquarters for the campaign have been established in the Post Office building, and arrangements have been made to operate a booth for the sale of Stamps in the Hostess House.

And More Like Her Are Still Needed

Little "Mickie" Buchanan (whose real name is Margaret) of the Canadian Women's Army Corps, sits at the switchboard of a north west detachment of the Royal Canadian Corps of Signals. Her duty calls her to the farthest northern point of the province where newspapers are seldom seen.

Perhaps she had not been told but perhaps through her switchboard she had heard that her brother, Capt. George Bruce Buchanan, had been awarded the Croix de Guerre by the French National Committee. In any event, she will be proud to know that out of fifteen Canadian soldiers, the Captain was one who has been granted the coveted medal for devotion to duty and disregard for personal danger under heavy machine gun fire during the Dieppe raid in August, 1942.

"Mickie" is a soldier at heart as are all her brothers. She enlisted at the time when the Canadian Women's Army Corps was first organized and has been doing valuable and necessary work since. Besides Bruce, she has a brother William, who is a captain in the Calgary Highlanders and another brother, Terence, who is a corporal instructor at No. 133 Basic Training Centre, Wetaskiwin.

Her parents, Mr. and Mrs. William Herbert Buchanan, reside at 460 2nd Street, Medicine Hat.

Wainwright Teachers Elect Officers

The teachers of the Wainwright sub-Local of the A.T.A. met during the Convention on November 5th, and again on November 20th. The following officers were elected: Pres., and Press Correspondent, M. D. Meade; Vice-Pres., Mrs. G. Dreger; Sec.-Treas., Mrs. M. C. Alexander; District Councillor, Mrs. E. McLean; Programme Committee, Miss R. Nyberg and Mrs. Dreger.

The latter meeting was addressed by Mr. H. T. Coutts, recently-appointed Superintendent of the Wainwright School Division.

SYDENHAM

The regular monthly meeting of the Gerald Victory Club met at the home of Mrs. LaBlanc, with the president, Mrs. LaBlanc, presiding. Nine members were present and two visitors. The gift of the month, donated by Mrs. A. Woodward, was won by Mrs. A. Souter. Guessing contest on weight of baby Marilyn Nicholson was won by Mrs. J. Veitch. Arrangements were made to pack boxes for soldiers in Canada on December 9th. Mrs. A. Kinghorn and Mrs. F. Dixon served lunch.

Mr. and Mrs. Clarence Alexander were visitors to Edmonton over the week end.

Miss Jean Dixon has been spending a well earned rest from her hospital duties at the home of her parents, Mr. and Mrs. Frank Dixon.

CARD OF THANKS

We wish to extend our heartfelt thanks and appreciation for the acts of kindness, messages of sympathy and beautiful floral and spiritual offerings received from our many friends and neighbors in the loss of our dear husband and father. We especially thank Rev. Father Ehmann.

"Wain. Days" to Again Be Xmas Time Event

At a meeting of business men held in the Council Chambers on Nov. 29, it was decided to hold "Wainwright Days" again this year, when all town and country people are asked to be the guests of the merchants of the town for two days. — Enjoy a free show and let the children see and talk to Santa Claus, who will have a treat for each child in spite of the

scarcity of candy, nuts, etc.

Mr. W. T. Brunker advises that he will have a good show available. A strong committee was appointed to arrange other attractions which may be advisable. The days set for "Wainwright Days" are December 14th and 15th, and it is suggested that the 15th, being Wednesday, the half-holiday be not observed.

United Church Scene Of Pretty Wedding

A pretty afternoon wedding of wide interest took place on Wednesday, Nov. 24th, in the United church, when Ruby Alberta, youngest daughter of Mr. and Mrs. J. T. Chynoweth of Wainwright, became the bride of Thomas Ogilvy, third son of Mr. and Mrs. David Rattray also of Wainwright, with Rev. A. D. Richard officiating.

The bride, prettily attired in a floor length gown of broad white organza and long veil held in place by a coronet of seed pearls, and carrying a bouquet of Tallman roses, entered the church on the arm of her father to the strains of Lohengrin's wedding march played by Miss Alice Zehnder.

Miss Helen Chynoweth, cousin of the bride, acted as bridesmaid, and was lovely in a floor-length gown of turquoise crepe, and carried a bouquet of pink carnations. The matron of honor, Mrs. A. Rattray, sister of the bride, was charmingly attired in a floor length gown of deep blue crepe, and carried pink carnations, while little Myrna Rattray, dressed in a toe-length dress of white rosebud crepe, and carrying a basket of flowers, acted as flower girl.

The groom was supported by his brother, Dr. A. J. Rattray of Edmonton.

Mr. A. S. Rattray and Dr. J. E. Rattray, brothers of the groom, acted as ushers, assisting with guests and well-wishers, who filled the church to capacity.

Following the ceremony a reception was held at the home of the bride's parents, where some sixty guests gathered. Receiving, Mrs. J. T. Chynoweth, mother of the bride, was charming in a gown of McArthur blue, and wore a corsage of pink roses, while Mrs. David Rattray, the groom's mother selected a becoming gown of burgundy crepe, and wore a corsage of bronze and white 'mums.

Mr. Phil May proposed a toast to the bride, which was fittingly responded to by the groom.

The high esteem of the young couple was evident in the numerous gifts on display at the bride's home, all of which were personally acknowledged by the bride in the course of the evening.

Following the reception, the party adjourned to the Community Hall at Greenshields where the many friends danced to the strains of the Wainwright orchestra until the early hours of the morning.

The happy couple proceeded to Edmonton by car and will spend their honeymoon at points west before returning to Wainwright.

Out of town guests were Dr. and Mrs. J. E. Rattray and Dr. A. J. Rattray of Edmonton.

GERALD

The Farm Forum club met at the home of Mr. and Mrs. A. Hamilton on Monday of last week. The broadcast and discussion were on the topic "Price Control". Lunch was served at the close of the meeting.

Mr. J. Perkins and Mr. L. Mygland spent two days in Edmonton last week attending the C.C.F. convention.

Mr. E. Guillekson went to Excel for a few days last week.

Mr. D. Rattray, Jr., accompanied by Mr. and Mrs. R. Deyell and Mrs. F. Perkins, motored to Edmonton on Thursday.

Mrs. Woods of Wainwright is a visitor at the home of her son, Mr. R. Deyell.

Certain Types Printed Matter are Restricted

Ottawa—Production of certain types of printing is restricted or prohibited and purchase and use of essential printed matter in quantity is brought under permit regulation under an order announced last night by the Prices Board.

Under the order, the supply of wood fibre products and print paper for the armed services and for essential civilian needs of the United Nations is safeguarded, said the statement.

"Distribution of print paper used for the production of newspapers, other periodicals or publications already restricted by previous orders are not affected by the new order", the board said.

Conservation of all types of waste paper has become an "urgent necessity," the Prices Board said last night in a press statement which accompanied announcement of a new order tightening restrictions on certain types of printing.

The statement said manufacturers are faced with ever-increasing demands from the armed forces for articles made from waste paper, such as wall board and roofing materials, sun helmets, compressed paper gears, and shipping cases for Bren guns and bombs, and many other important items.

It is of "vital importance" that civilian consumers salvage all cardboard, corrugated paper and brown paper as a primary effort, magazines as a secondary consideration and finally old newspapers. To facilitate handling, the first three would be banded together, the others separately, and when approximately 50 pounds have accumulated local salvage committees should be called to arrange for collection.

Attention Curlers!

There will be an organization meeting on Friday, Dec. 10th, at 8:30 in the town hall. Everyone interested in Curling should attend.

SOMETHING

NEW:

Perhaps, as their newspapers and
threat-mongers are proclaiming, the
Nazis will release some "new secret
weapon" against Britain because Al-
lied bombers have done to Berlin
what the Luftwaffe did to London.
And perhaps they won't. They have
been hinting, ever since the Allies de-
veloped strength enough to defend
themselves, that some new secret
weapon of fearful potency was to be
hurled against them. But it hasn't
happened yet; certainly not because
the will to use such a weapon was
absent.

The magnetic mine was not new,
was secret only in the sense that its
use was not foreseen, and was quick-
ly countered when it was introduc-
ed. Donets recalled his submarines
from the Atlantic last summer to
equip them with some "new and un-
known device", which proved to be
nothing new nor less known than
the six inch gun; and this failed to
restore the effectiveness of his U-
boats.

The nearest the enemy has come
to a weapon new and secretly con-
structed was the rocket plane; un-
doubtedly capable of indiscriminate
slaughter but not immune against
ack-ack shells and machine-gun bul-
lets, and inconveniently liable to get
off its course and collide with a Nas
plane or land where it is not suppo-
sed to.

The record fairly strongly suggests
that the "new secret weapon" talk
has been mainly bluff and that the
supposed super-ingeniery of Nazi in-
ventors has existed only in their own
imaginations. The strong probability
is that if the Hitlerites had any such
weapon they would have brought it
into use long ago. Maybe they have
at least thought up some contrivance
that will deserve the description. But
the odds are at least even that they
haven't, and are only putting up the
usual barrage of bogey-talk in hope
of keeping up morale on the badly
battered home front.

A WEEKLY EDITOR LOOKS AT Ottawa

Written specially
for the weekly newspaper of Canada

Around The Capital: At that beau-
tiful spot, the National War Memori-
al in Ottawa, Canada, again on No-
vember 11th honored those who
fought and fell in 1914-18, state, mili-
tary and civic dignitaries taking
part in the ceremony which went via
the airwaves to thousands of Canadi-
an homes. — Most Ottawans will
have to resurrect their alarm clocks
as the 8:30 a.m. test of the air raid
siren is being discontinued. — Like an
old friend leaving town, it will be. —
Rainfall here in October was 4.34
inches as compared to the 53 years
average of 2.69—most of it fell in
the last month. — National War Fin-
ance H.Q. certainly pleased at the re-
sponse to the 5th Victory Loan—here
is how Canadians dug down previous
ly: war loans, Jan. '40, \$200 millions;
Sept. '40, \$300 millions; Victory
Loans, June '40, \$750 millions; Feb.
'42, \$845 millions; Oct. '42, \$901 mil-
lions; and May, '43, \$1,909 millions.

The navy has done it again. For
years a discovery for prevention of
sea sickness has been sought. Quiet-
ly but with war science speeding it,
Navy medical researchers went at
the problem from stem to stern, fin-
ally came up with the answer. Then,
in Toronto one day, susceptible fed
a certain pink capsule failed to get
seasick. A contract has been let for
mass production. It is said to be 75%
effective, also in cases of airsickness.
They are taken by mouth one or two
hours before sailing or in rough weath-
er; will be effective for eight hours
and can be repeated. Now the overall
efficiency of ships will be kept at a
maximum, come storm, come calm.

A committee from government
food-production branches is now clo-
sely and busy drafting Canada's
farm program for 1944, to be placed
before a joint meeting of Dominion
and Provincial agricultural authori-
ties which will meet in the capital
early in December. While there may
be changes in the quantities of some
types of food, little change is con-
templated in the overall picture. Maxi-
mum production on the essential will
be needed, of course. The Meat Board
points out Canada's total supply of
meats is enough to fill requirements
under our rationing system.

The Bureau of Statistics gives us
some figures on farm living costs,
the index number rising from 121.2
for April to 121.9 for August. Food
prices increased 1.8 points, fuel 1.3,
household equipment 0.3 and miscel-
laneous 0.7. Clothing prices were
down 0.3, health maintenance remain-
ed unchanged. While the eastern re-
gional farm living cost index rose 0.5
percent out west it went to 0.6.

War has enlivened the meat appe-
tites of Canadians, judging by the
official estimates of the 1942 consump-
tion of all meats in the Dominion as
135.2 lbs. per head of population, com-
pared to 116.6 in 1936. Our domestic
consumption is a staggering figure
for 1942, including 734,823,000 lbs. of
beef; 571,992,000 lbs. of pork; 60,961,
000 lbs. of mutton and lamb, and
over a hundred million lbs. of lard.
There were 80,075,000 lbs. of tongue,
liver and heart, plenty of vitamins.

Previously set at a maximum of 45
years, a new National Defence order
for those who volunteer for active
service with the Canadian army "will
be restricted to those who have at-
tained their 18th birthday, but not
their 38th birthday," providing they
measure up to physical standards
(considered fit for fighting services).
There are some exceptions, of course,
only when a shortage exists in the
type of men having special trade or
technical qualifications.

The Postmaster General has issued
an explanation in connection with
mail service to Canadians fighting in
Italy and Sicily. These were delays
in mail going by surface, due to
three reasons: security reasons in
England; waiting for convoy, length
of journey. One steamer carrying 800
bags of mail for Canadians was dam-
aged by enemy action, delayed three
weeks. The averaged elapsed time,
surface mails, posted in Canada for
delivery in the U.K. is 28 days, and
between there and the Mediterranean
theatre, 21 days. The present situa-
tion is better. All surface letters are
sent direct from New York to North
Africa by U.S. ships. It is expected
after the United States Christmas
rush has subsided parcels will also
go that way instead of being trans-
ferred from England by convoy.
"Blue" air letters, however, since the
middle of July have been promptly
delivered to Italian bases.

How soon we win this war, Byrne
Hope Sanders, head of the Consum-
er's Section, W.P.T.B., told members
of the Nova Scotia Women's Insti-
tute, depends on how well civilians
play their part, too. Whether they be
farmers or fishermen or housewives;
whether they work in war factories
making bullets and battle dress or
whether they fight the war from their
own homes by refusing to waste a
scrap of this country's resources.
By keeping their families fit, by guard-
ing their savings, by helping to control
prices they are contributing to more
effective home front activity.

The Navy League of Canada which
operates 22 hostels, clubs and enter-
tainment centres for Canadian and
Allied sailors, cared for over two mil-
lion of them last year. They distrib-
uted in 1943 a total of 103,450 ditty
bags and this year it is estimated
150,000 are wanted. Everywhere
earnest women, in towns, cities and
hamlets, are busy helping in this
line.

This And That: A little sign, on
both sides of a truck can save a driv-
er lots of trouble—what is needed,
as you know, is his name and place
where he lives. — Chick hatchlings
in 1943 have been about 34 percent
above 1942; this normally would in-
crease egg production in 1944 13 per
cent over 1943, but feed difficulties
are expected to reduce this figure
to about 10 percent. — Estimates of
late fruit crops with exception of
grapes somewhat improved since
September, with apples now estimat-
ed at 4,255,100 barrels, up 4.5%, due
to heavier pack in Nova Scotia and
Ontario. — 13,934 establishments re-
porting to Bureau of Statistics at
Sept. 1, were employing 7,170,836
men and women. — Estimated con-
sumption of fluid milk for all Canada
in 1943 is more than 9 percent higher
than previous year. — Experimental
farm note—Where climatic condi-
tions are favorable, alfalfa thrives on
soils varying in texture from coarse
sand and gravel to heavy compact
clays, although the best soil is a deep
porous loam. It will not do well on
poorly drained land or on soils notab-
ly acid.

Commenting on the rising wage
costs affecting dangerously our price
structure, Finance Minister Daley
said that in September the govern-
ment considered action to reduce the
cost of living "by rolling back" prices
of certain important foodstuffs
as in December, 1942, but "Before
the necessary steps could be taken,
the index had already risen a full
point and it was decided there would
be serious objection to reducing the
index just when the additional bonus
was to become payable."

Patriotic Canadians everywhere are
visiting blood clinics regularly. In
this connection it is now disclosed
that Canadian blood serum is being
used in Italy, helping to save the
lives of wounded Canadian, British
and American soldiers.

National S.O.S. from Department
of Labour: Men who are not needed
as farm workers this winter are ur-
gently needed in other essential in-
dustries and can be placed. Here's
the lowdown: Men will return to the
farm again when they are required
there: they will be paid regular wages
for whatever job they accept and
transportation will be paid if a dis-
tance has to be travelled. Workers
from the farm, postponed under Mil-

itary call-up as farmers, will contin-
ue thus if they have the farm for
essential employment for the winter.
Answer the home front call, see your
nearest National Selective Service
Office.

Brief dramas, each complete in it-
self, and each crammed full of thrills
and action—are "Mysteries in Mini-
ature" the new five-minute feature

SALE OF FARM PROPERTY
BY TENDER

Pursuant to the Order for Sale and
Directions of the Honourable Mr.
Justice O'Connor, sealed tenders will
be received for the purchase of the
following property:

N.E.Q. Sec. 36, Tp. 40, R. 6, W. 4th
M., containing by admeasurement
140 acres more or less, reserving
thereout all mines and minerals.
This land is located approximately
six miles from Gilt Edge postoffice
and eighteen miles from Wainwright.
The property is offered for sale
with taxes paid to the 31st day of De-
cember, 1943.

There are approximately 80 acres
under cultivation, 1 1/2 miles of fen-
cing, a frame dwelling house and barn.
There are 20 acres of summerfallow.

Tenders must be enclosed in sealed
envelopes marked "Tender re Holland

House, Edmonton, Alberta, and must
be in his hands not later than 12 o'-
clock noon on the 14th day of Decem-
ber, A.D. 1943.

Each tender must be accompanied
by a marked cheque for 10% of the
amount tendered and the balance of
the purchase price must be paid into
Court within 60 days after accept-
ance of the tender without interest.

The deposit of 10% shall be forfeit-
ed by the successful tenderer if he
fails to carry out the purchase after
acceptance of the tender. Cheques of
unsuccessful tenderers shall be re-
turned to them immediately after re-
jection thereof.

The highest or any tender not nec-
essarily accepted.

In all other respects the terms and
conditions of sale shall be the stand-
ing conditions of the Supreme Court
of Alberta insofar as the same are
applicable.

For further particulars apply to
Messrs. McCuaig and Parsons, Bar-
risters and Solicitors, 916-17 McLeod
Building, Edmonton, Alberta.

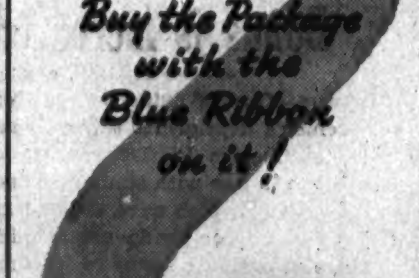

DATED at the City of Edmonton
in the Province of Alberta, this 15th
day of October, A.D., 1943.

R. P. WALLACE,
Clerk of the Court.
Approved it appearing that the
Plaintiff's claim exceeds the value of
the lands.

CLIMB INTO WARMER CLOTHES

COAL IS SCARCE!—Wasting fuel by overheating
your home is unpatriotic. It has long been recognized
that moderate temperatures are better for the health.
To ensure comfort, get into warmer clothes rather than
pile on more fuel.

Tests show that for every degree over 68° coal
consumption is increased 3%. Keeping your home at
68° instead of 76° may save almost a quarter of your fuel.
